

UNAFFILIATED MA CERTIFIED ONLY

Individuals who do not have an EMS agency to affiliate with need to follow the steps outlined below.
Please read it carefully.

ELIGIBILITY:

MASSACHUSETTS ONLY CERTIFICATION—Any person who is certified as a Massachusetts EMT (at any level), **does not hold National Registry** certification and is not currently associated with an ambulance service, EFR service or first responder agency is considered unaffiliated. Please note that many agencies, such as Ski Patrol, Police, or Search & Rescue may qualify for their own agency status. These organizations should consider setting up an agency. Discuss this option with the appropriate supervisor or training officer if you are associated with such an agency before selecting unaffiliated. **DO NOT AFFILIATE AS INACTIVE IF YOU DO NOT HAVE NATIONAL REGISTRY CERTIFICATION**

Living in MA without NREMT certification: To affiliate with a regional EMS council, find the region you need in the agency drop down menu as: "Unaffiliated – Region [1 through 5]". You will select the region based on your residential address. See below for a list of EMS regions and how to find which one you reside in.

Living outside of MA without NREMT certification: To affiliate with the MA OEMS office (out of state), find the MA OEMS in the agency dropdown menu as: "MA Unaffiliated – Out of State." You will select the MA OEMS State office **only if you live out of state and do not have NREMT certification.**

DOCUMENTATION: You will need to retain and submit proof of any courses you have taken. We require you upload course completion documentation **electronically** to NREMT.org. Documentation of completion requires at least one of the following for each course:

- Copies of Course Completion Certificates
- Copies of OEMS Course Rosters
- Copies of Special Continuing Education Record

Contact the EMS Region in which you reside for specific instructions on how to submit proof of approved course completion. In general, documentation is preferred to be submitted electronically.

STATE APPLICATION AND FEE (STEP B): After your ConEd is approved on NREMT.org, do not forget to **COMPLETE STEP B** on the eLicensing website at <https://madph.mylicense.com/eGov>

REGIONAL EMS COUNCILS:

- Region 1 – Western Massachusetts: <http://www.wmems.org/> - wmems@wmems.org
- Region 2 – Central Massachusetts: <http://www.cmesc.org/> - coned@cmesc.org
- Region 3 – Northeastern Massachusetts: <http://www.neems.org/> - neems@neems.org
- Region 4 – Metro Boston: <http://www.mbemsc.org/> - RecertRegionIV@mbemsc.org
- Region 5 – Southeastern Massachusetts: <http://www.semaems.com/> - ems@semaems.com
- MA OEMS—Out of State: <https://www.mass.gov/orgs/office-of-emergency-medical-services>—oems.recert@mass.gov

What region are you in?

UNAFFILIATED NREMT (INACTIVE)

Living in MA with Massachusetts & NREMT certification: Any person who is certified as a Massachusetts EMT (at any level), **does hold National Registry** certification and is not currently associated with an ambulance service, EFR service or first responder agency is considered Inactive. Please note that many agencies, such as Ski Patrol, Police, or Search & Rescue may qualify for their own agency status. These organizations should consider setting up an agency. Discuss this option with the appropriate supervisor or training officer if you are associated with such an agency. **You will renew as "Inactive."** Please contact the National Registry for additional information regarding Inactive recertification.

Out of State Massachusetts & NREMT Certification: You may not be participating in the NCCP (a program Massachusetts is participating in). You will need to recertify your NREMT certification based on the NREMT standards for the state in which you reside. Once you recertify your NREMT you will be eligible to complete STEP B, the Massachusetts state application. **You are not eligible to affiliate with the "MA Unaffiliated—Out of State" or other unaffiliated agency.** Make sure to contact the NREMT by calling 614-888-4484 or support@nremt.org for help renewing your National Registry certification.
